BACK TO BUSINESS AT THE WORLD'S LEADING TRADE FAIR

Welcome to SCHWEISSEN & SCHNEIDEN 2025. For the first and only time after two years, the industry's most important trade fair will once again be a showcase for future technologies.

Be there when global market leaders, up-and-coming hidden champions and inspiring start-ups present their latest developments along the **entire value chain**. Over 800 exhibitors from 40 countries will be showcasing trends and innovations throughout the MESSE ESSEN exhibition centre. The focus is especially on the megatrends of **digitalisation** [more on page 4] and interactive automation using **collaborative robots**.

The **Future Hub** is the centrepiece of this year's SCHWEISSEN & SCHNEIDEN. This is where **innovation meets networking** – in a practical, informative and inspiring setting [more on page 3].

Our partner, DVS e.V., is holding the DVS Congress on 16 and 17 September. The 'Young Welders Competition' will take place over the entire duration of the trade fair and is made up of the DVS national competition, 'Jugend schweißt', and the 'International Welding Competition'.

In 2025, you can once again expect a wealth of customised solutions for your day-to-day operations. Get a **comprehensive overview of the market** and make **valuable contacts** – at the world's **leading** communication platform for the industry.

WELCOME TO THE FUTURE HUB

FUTURE HUB

Hall 7
Stand 7G13

The moderated communication area offers space for exchanging experiences and collaboration within the industry – and becomes a springboard for future-proof solutions.

Experience the future of joining, cutting and surfacing first hand! As a **visionary hotspot** at the world's leading trade fair, the Future Hub brings together **experts, pioneers** and **interested parties** – for fresh ideas, valuable insights and first-class networking.

Under the motto 'Join the Future', you can expect a **varied programme** that will highlight current trends, open up new perspectives and enable you to make new contacts.

HIGHLIGHTS OF THE FUTURE HUB

- ▶ Inspiring presentations and **panel discussions**
- ▶ **Product presentation** and best practices
- ▶ Recruiting formats and **speed dating**
- ▶ **Networking events** and starting point of the **trade fair tours**
- ▶ Entertainment and interaction

GENERATING ADDED VALUE WITH DIGITAL SOLUTIONS

The digitalisation of all areas in our industry is progressing at a breathtaking pace.

Be honest: Are you really up to date on this topic? Together with our exhibitors, we will show you what **solutions and products** our industry currently has to offer in the field of **digitalisation**.

To this end, we are continuing our successful cooperation with the non-profit **IndustryFusion Foundation** and DVS e.V. in 2025: For the first time, we are presenting the **IF Digital Award** to particularly innovative exhibitors. As part of the competition, participating exhibitors will present the **specific added value** of their latest **digital products and services**. As a visitor, you decide which are the most innovative solutions with your vote. You also have the chance to win attractive prizes at the same time. It is easy to do on the SCHWEISSEN & SCHNEIDEN app!

Voting is possible until **Friday, 19 September, 12:00 noon**. The **award ceremony** will take place on the same day at 2:00 pm at the IndustryFusion Foundation stand in **Hall 6D22**.

Prizes for the public will be drawn from everyone who voted during the trade fair using the app. The winners will be contacted personally by us afterwards.

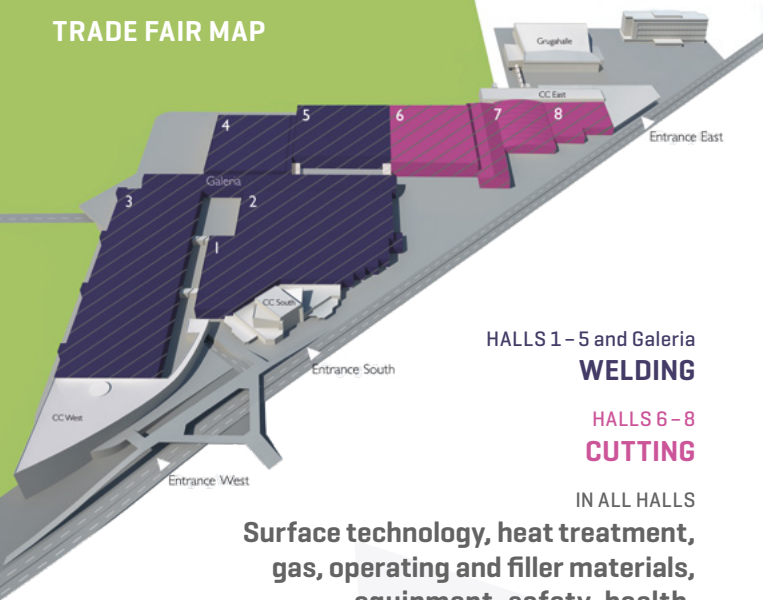

**Download the
trade fair app now!**

Plan your trade fair visit, get to know exhibitors and products, vote in the IF Digital Award contest and win great prizes!
